How to Download Stock Data from CRSP: Example

1. Click on **2015 CRSP US Stock**.

2. Select either daily or monthly tables.

3. For Step 1 of the data request form, enter the **TICKER** for your company or click on **SEARCH CRSP**.
4. If you clicked on **SEARCH CRSP**, (a) select **Search Current Data**, (b) enter the company name, (c) click on **Locate**, (d) select the company from the result list, and (e) click on add codes to query. Close the **CRSP Company Search** window. Your selected code will now appear on the data request form.
